

November 20, 2014

Dear Supporter,

This month across the nation, we saw as a conservative wave helped to carry control of the Senate back to the Republican Party. Going forward we need to build upon this with the next generation.

The OSU College Republicans are determined now more than ever to bring awareness to the country and state of Oregon about what it truly means not only to be a Conservative but also a patriotic citizen of this great nation. We are constantly working to make students more informed citizens and voters.

Some of our proud accomplishments and future events include:

- Teaching the importance of safe firearm use during our annual Second Amendment Week in April. We have Lars Larson come do his show live from our campus, provide a free gun safety class for students to get their concealed carry permit, and have a drawing for firearms.
- Instilling the importance of all aspects of the first amendment during our annual First Amendment Week. With a free speech wall in the center of campus, we proudly have students come and exercise their constitutional rights.
- Being voted the second best club on campus, behind student government, in our school paper.
- Having 3.2 times as many people identify as a College Republican than as a College Democrat during our last school election.
- Having weekly meetings where we plan events, debate current issues, and talk with leaders and candidates. This gives students the opportunity to gain insight to the political happenings and to learn from each other.
- Recruiting young conservatives who are fed up with the current political climate in Salem and Washington D.C.

- Interacting with the community by participating in meetings and conferences, hosting forums, and working beside our county Republican Party. We invite you to join us for our events and to learn more at www.OSUGOP.com.

This election cycle we saw victories and defeats. The OSU College Republicans are committed to paving the way for a new generation of leaders who are determined to turning this nation and state around. It can be difficult being a young conservative in college, but the OSU College Republicans are working adamantly to help spread the conservative movement.

In order to complete our many ambitious goals, we need your help. Please go online to www.OSUGOP.com/donate/ to submit your generous donation. Like you, we want to make sure that the conservative voices that are so often silenced are heard and that we are able to help Oregon and America get on the right path. Thank you for your support and feel free to contact us with any questions.

Sincerely,

Donald Handeland
Oregon State University College Republicans President
